# COMMUNITY HOUSING IMPROVEMENT PROGRAM APPLICATION ADDENDUM

#### PROPERTY OWNER(S) SERVICE AGREEMENT

0.....

#### Owner Responsibilities

I understand that even though the CHIP Program is providing the financial assistance in the form of a loan or grant, it is my responsibility to approve specifications, select the contractors for bidding (contractors and bids are subject to program approval), sign the construction contract and loan documents, and approve change orders and payment requests. I further understand that all funds will be held by the State of Ohio, Office of Housing and Community Partnerships, until such time as those funds are requested to make payment. Disbursement will be subject to my and the CHIP Program's authorization.

I acknowledge that I have been advised that I should inspect the work as frequently as possible, and discuss with the contractor and/or CHIP Program personnel any difficulties or concerns I may have observed. I understand that once materials are in place, cost of repair or replacement is substantial; therefore, it is imperative that I contact both the contractor and/or the CHIP Program representative regarding my concerns prior to the completion of the work in question.

# Occupant Protection and Temporary Relocation During Lead Hazard Reduction

In most jobs that require lead hazard reduction, CHIP requires appropriate actions to be taken to protect occupants from lead-based paint hazards <u>if</u> the units will not be vacant during the rehabilitation project. In those cases, occupants may not enter the worksite during the lead hazard reduction activities. Re-entry is permitted only after such activities are completed and the unit has passed a lead clearance examination. Occupants of the unit <u>do not</u> have to be relocated <u>if</u>:

- rehabilitation work will not disturb lead-based paint or create lead-contaminated dust;
- hazard reduction activities can be completed within one 8-hour daytime period and the worksite is contained to prevent safety, health or environmental hazards;
- exterior-only work is being performed where windows, doors, ventilation intakes and other openings near the worksite are sealed during hazard reduction activities and cleaned afterward, allowing for a lead-free entry to be maintained;
- hazard reduction activities will be completed within five (5) calendar days and the work area is sealed, the area within 10 feet of the containment area is cleaned each day, occupants have safe access to sleeping areas, bathroom and kitchen facilities; and
- > occupants are not permitted into the worksites until after clearance has been achieved. If occupied units are to undergo more extensive lead hazard reduction activities, the occupants must

be temporarily relocated. Most often, furniture and occupant belongings can be covered and sealed with protective plastic sheeting, although storage of major furniture and removal of all small furnishings during the hazardous materials reduction work may sometimes be necessary. The owners are responsible for carefully packing all breakables; removing all clothing from closets, etc. During the hazard reduction work, only workers trained in lead hazard reduction may enter the worksite. This means that owners are not permitted to return to the worksite during the day or at night. If you have special needs to re-enter the site, please contact your rehabilitation specialist. Only when the unit has been cleaned to the federally-mandated standards and passed a lead clearance examination is it safe and permissible to return to your home. The rehabilitation specialist will notify you with an "Authorization for Re-Occupancy". Sometimes the jobs are completed in stages, with the lead hazard reduction work occurring first and the normal renovation work following. In these cases, interim dust lead clearance must be obtained prior to re-occupancy by the owners and other non-lead-related rehabilitation workers. Final lead dust clearance must be repeated following the rehabilitation work to verify that the residence is free of lead hazards. (Note: HUD has advised that relocation of elderly occupants is not typically required, so long as complete disclosure of the nature of the work is provided and informed consent of the elderly occupant(s) is obtained before commencement of the work.)

#### **CHIP Program Responsibility**

- A. I understand that the CHIP Program will make no charge for technical products like the work write-up, loan documents, etc., but I may be required to pay charges normally associated with borrowing, such as interest, service charges, title costs, and recording fees required by the program.
- B. I understand that the CHIP Program provides work-in-progress inspections for the community's protection. However, these services are not a guarantee of any type, do not make the CHIP program responsible for the quality of work, or responsible for any contractor or worker's performance.
- C. I understand that the staff of the CHIP Program cannot be personally available for all inspections of each segment of the work performed on the construction site and that CHIP, its employees, members, officers, and directors will reasonably rely on the competence and skill of each individual contractor as is normal in the course of such business negotiations, transactions, and execution of the contract.

#### **CHIP Program Emergency Authority**

I authorize the staff of the CHIP Program to issue emergency orders and/or instructions (i.e. change orders) in the event that the Rehabilitation Specialist is available to observe the work in progress and can anticipate that without authority to issue such instructions, work will be done which will substantially alter the intentions of the program or homeowner, injure the property or violate the specifications of the executed contract.

Upon the issuance of such orders and/or instructions (i.e. change orders), the CHIP Rehabilitation Specialist will contact both the homeowner and the general contractor or subcontractor most directly responsible for the work in question as quickly as possible, and all parties will examine and approve, or re-negotiate the work in question before the job proceeds.

#### **General Provisions**

- A. I further agree to hold harmless and indemnify the CHIP Program, its employees, members, officers, and directors, in connection with acts performed by them which would reasonably be associated with consultation, technical advice, financial counseling, loan processing, property inspections, and other related activities.
- B. I authorize the staff of the CHIP Program to obtain or provide specific reports, such as property title and tax searches, building code inspection reports, property appraisals, repair specifications, cost estimates, contractor bids (and such other reports which said staff deems necessary to perform its functions).
- C. Whenever the pronouns "I", "my", "we", are used in this agreement they shall mean "we", "our", and "us" respectively, if more than one owner signs below.

# Attachment to Housing Assistance Application TERMS AND CONDITIONS FOR OWNERS ACCEPTING HOUSING ASSISTANCE

These are the terms and conditions which you as Owner(s) must agree to in order to receive housing rehabilitation assistance. These terms and conditions will become a part of your Agreement for a loan/grant which finances the improvements to your house.

As Applicant, I (we) agree to:

- 1. <u>Inspection</u>. I will allow inspection of the property by the housing staff, public building, electrical, plumbing and health department officials and inspectors, and contractors who are bidding on the proposed rehabilitation work. Inspections will be made before, during and after completion of the rehabilitation work. All inspections will be made by appointment arranged in advance.
- Competitive Bidding. I will permit the housing to seek competitive bids from qualified contractors for all the rehabilitation work. Bids will be requested according to procedures established by the housing staff and in accordance with applicable federal, state and local laws.
- 3. Agreement with Contractor. I agree to enter into a Contract with the lowest and best bidder, normally to the low bidder. I understand that I may reject, in writing the low bidder in favor of the next highest bidder if in my opinion the low bidder does not possess the experience, skill or resources to satisfactorily complete the job, or the ability to proceed in a timely manner, or who has not visited my house, before preparing the bid. I also understand that I may have to pay the difference between the lowest bid and the bid I accept if the housing staff does not approve the next highest or other than low bidder.
- 4. <u>Side Agreements</u>. I will refrain from making side agreements with the contractor for work not included in my Agreement with the Contractor, or not included in any written Change Orders approved by the housing staff until all work under the Contract is satisfactorily completed. The housing staff assumes no responsibility for the cost or quality of work not covered by the Agreement or approved Change Orders.
- 5. <u>Conflict of Interest.</u> I will not pay any bonus, commission or fee to anyone for the purpose of obtaining approval of any application for rehabilitation assistance. I will not allow any member of the United States Congress or State government, elected official of the Grantee or housing staff employee who exercises any functions or responsibilities in connection with the administration of this Housing Rehabilitation Program to have any interest in or benefit from a rehabilitation loan or grant financed under my Agreement.
- 6. <u>Non-Discrimination</u>. I will not discriminate in the sale, lease, rental use or occupancy of my property, as required by Title VI of the Civil Rights Act of 1964.
- 7. <u>Maintenance of the Property</u>. I will make every reasonable effort to keep my property in safe, sound and habitable condition following completion of the rehabilitation work.
- 8. <u>Hazard Insurance and Flood Insurance</u>. I will obtain hazard (fire, property and liability damage) insurance on the property to be rehabilitated in an amount based on its value after rehabilitation. I will obtain flood insurance if my property is located within a flood plain. Such insurance must be maintained throughout the term of the loan and shall carry an endorsement to the Grantee.
- 9. <u>Loan Subordination</u>. I agree that the property is not available as a source of collateral for future loans when such loans require subordination of the Grantee's loan. The Grantee may subordinate its loan if, in its judgment, it is in the best interests of both the Grantee and the Owner and approved in writing.
- 10. <u>Loan Repayment</u>. I agree to a mortgage and promissory note, and further agree to all the payment schedules, if any, which are detailed in the Promissory Note. Specific terms governing the loan are contained in the Mortgage, Promissory Note and Truth-in-Lending Statement.
- 11. Right to Financial Privacy. The Federal Financial Privacy Act of 1978 guarantees financial confidentiality to persons requesting assistance directly or indirectly from the federal government. To comply with this law, the Grantee must inform the rehabilitation client that no financial information will be disclosed or released to another government agency (except the Ohio Department of Development (ODOD) and the U.S. Department of Housing and Urban Development (HUD) which may review the file on a monitoring visit) without the prior written consent of the client. Financial records involving my transaction will be available to ODOD and HUD without further notice or authorization, but will not be disclosed or released to another government agency or department without my consent except as required or permitted by law. Also, verification forms sent to other agencies for the purpose of determining my eligibility for the rehabilitation program must contain a signed Authorization to release Information.
