Tim Schnipke stopped in to update the Commissioners on the sewer pump. It was camera'ed and the pump is not running. The pump will be replaced next week. Tim asked for a skimmer for cleaning garbage out of the pump stations, there are pop and water bottles in the manholes. Tim said the EPA is coming out to watch the gas monitoring. The bottle fillers are getting priced and Tim is looking to see if our drinking fountains are compatible with the bottle fillers.

Commissioners discussed a phone call received from CCAO about submitting fund balances to the state. A concern with this is the same thing will happen that happened with the school districts with the state asking them to give money back to the state from those districts with higher balances. The state needs to proceed with the real estate tax reform rather than asking for money back from the smaller entities.

The business agenda was held with Commissioners Wehri, Schlumbohm and Brubaker and Cindy Landwehr, Clerk.
